

Enej Gala: Mules

11. 9.—2. 10. 2020

KiBela/MMC KIBLA

We kindly invite you to the opening of the solo exhibition **Mules by Enej Gala**, which will take place **on Friday, September 11, 2020, at 7 p. m. in the KiBela art space (MMC KIBLA, Ulica kneza Koclja 9, Maribor).**

The exhibition focuses on a series of *Repaired Objects*, which, through dialogue with space, scrutinize everyday objects' ideological functionality. We observe these objects through the paradigm of *mules*, which are the product of two species related just enough for their offspring surpass their parents primarily in physical endurance but fail at the moment of reproduction, precisely these original functions which have placed it in the world. As a metaphor for its time's unique product, specialized effectiveness proves to be more important than the long-term existence of a new species. But the exhibition is not a biological analysis of the shortcomings of any subject but only a metaphorical material that simultaneously interrogates and recreates some myths about modern society.

Admission is free. The opening will take place following the recommendations of the NIJZ/NIPH.

The exhibition will be on view until October 2, 2020.

MMC **KIBLA** / **KIBELA**, space for art, Ulica kneza Koclja 9, Maribor
Open on Monday - Friday between 10 a. m. and 6 p. m.
