We kindly invite you to the exhibition **Wanderers** by **Igor Banfi**, which will be on view in the KiBela art space from **Wednesday, 10 March 2021**.

Wandering and searching for indefinable are abstracted figural forms that inhabit and revive the archaic, lyrical landscapes of the Prekmurje painter Igor Banfi. Vertical, sometimes formless, and in some places almost embodied images, travel, disappear (in the water) and appear to the viewer, who is confronted in a distinctly intimate, spiritual feeling with his own existence, questioning loneliness, alienation, all shades of longing and possible salvation. The scenography of Banfi's visual narratives or confessions, which the artist displays in selected canvases in KiBela, otherwise expresses a specific *genius loci* of Banfi's original environment. There, in a heavy, monotonous horizon, sublime color seam, and in some places, the earth completely merges the sky stretching above it.

Admission is free. Please, follow the recommendations of the NIJZ/NIPH while visiting the exhibition.
