Join us at the intermedia installation of **Peter Tomaž Dobrila Samplings – Ascension**, on view from Monday, **22 March 2021**, at the artKIT gallery.

The new reality is the new globality. A created matter. *The fruit of Mother Earth and Father Cosmos*. Memories, symbols, meanings, thoughts, visions and performances, hearing and speaking, monitoring and cleaning, sometimes the smell of dust particles overgrowing flowers and worlds – may we never forget!

The integrated layout includes an interactive map of airports in Europe and the surrounding area, named after the people who were born and operating in these places. **Raša Dragoljub Todosijević**, **Vladimir Kopicl**, **Mikhail Mizin** and **Slava Mizin** (Blue Noses Group and Sibkon Group) responded to the invitation and contributed their works. Selected documentary museum material adds a historical context.

The exhibition is dedicated to the 80th anniversary of the April War. It is marked by the invasion of the Kingdom of Yugoslavia on 6 April 1941, the occupation of Maribor on 7 April 1941, the beginning of the revolt, and the Day of Uprising Against Occupation on 29 April 1941.

Admission is free. Please, follow the recommendations of the NIJZ/NIPH while visiting the exhibition.
