Bogdan Čobal: Pools of Cores 1992–2022

20 May–18 June 2022

MMC KIBLA / KiBela

You are welcome to join us for the opening of **Bogdan Čobal's** solo painting exhibition entitled **Pools of Cores 1992–2022**, which will be **on Friday, 20 May 2022 at 7 p.m. at KiBela.**

Čobal's works from the series *In The Pools of Cores are*, at first glance, masterpieces of art. Immersing in their mysterious pools of colors and shapes in seemingly abstract motifs surprises us. The artist allows us to see the body interior through the body of the image or movement on the screen. Both ways pull us into eruption, into the eruptions of volcanoes that happen around us and within us. He visualized that invisible world with which the human body must live in symbiosis because otherwise, we would not survive.

Admission is free.

< Bogdan Čobal, *Return to Core 7*, 1992, acrylic on canvas, 140 x 200 cm.
