Iva Tratnik and Erik Mavrič: Demented Rider

3 November–3 December 2022

MMC KIBLA / KiBela

You are cordially invited to the opening of the exhibition **Demented Rider** by **Iva Tratnik and Erik Mavrič**, an occasional duo that combines both creative approaches, **on Thursday, 3 November 2022, at 7 p.m. in KiBela.**

Iva's painterly, constructional poetics and Erik's meticulous, filigree drawings are combined into monumental surfaces of black-and-white and colored landscapes. The charcoal rubs into the color and conjures up fascinating landscapes, an imaginary environment, and at the same time a space in which not only her and his artistic approaches and techniques flourish, but also their inner world and inspiration, as well as their imagination and energy. It seems as if they both exist not only in their own but also in a shared space-time, in an emotional and conceptual environment composed of fluidity of lines and delicacy of details. A dreamland is emerging in front of us, which is warm, gentle, and attractive, it seems home to us, it invites us to enter its coordinates and bring it to life.
