Epipremnum Aureum Machina Transcendens

13 November–13 December 2025

artKIT

You are cordially invited to the opening of the exhibition *Epipremnum Aureum Machina Transcendens* by intermedia artist **Monika Pocrnjić**, which will take place on **Thursday, 13 November 2025, at 6 p.m. in the artKIT exhibition space.**

The exhibition continues the artist's exploration of the relationship among plants, technology, and human presence. In everyday objects collected from storerooms and remnants of past productions, she recognizes the potential of interfaces – systems that measure light, sound, movement, and humidity, and visualize the life of plants and the environment in unique ways. *Epipremnum Aureum Machina Transcendens* raises the question of how technology might become part of the natural cycle, not as waste but as transformation.

art**KIT**, Glavni trg 14, Maribor

Opening hours: Tuesday to Friday from 3 p.m. to 7 p.m., Saturday from 10 a.m. to 1 p.m.
