**MENTOR KIT**

**1 August – 30 November 2017**

ACE KIBLA in collaboration with DD Trbovlje, MIKK Murska Sobota, Pina Koper, and Zavod 404

Project Mentor Kit is a national partnership collaboration between Zavod 404, Pina Koper, DD Trbovlje, MIKK Murska Sobota, and ACE KIBLA, based on an exchange of good practices and connections in the fields of art, technology, and non-formal education – some of the basic trends in 21<sup>st</sup> century societies.

ACE KIBLA's starting points focus on intermedia production in 2017, which will be presented and set up at the exhibition as part of our annual KIBLIX festival (autumn 2017); the topics explored by artists in contemporary intermedia art are the same topics concerned through non-formal education activities by the participating organizations of the project. Workshops will integrate discussions on topics related to the ideas of the body, technology, personality, artistic explorations of human perceptions of existence, movement, migration, environment, biology, nature, or explorations of social structures.

**MMC KIBLA**  
**KIBLA 21 YEARS, 4 July 2017**

"Multimedia Centre CyberSRCeLab – MMC KIBLA was founded on the 4th of July 1996 as a project of Narodni dom Maribor and Open Society Institute Slovenia, with the legal status as a Slovenian Association for Culture and Education (ACE KIBLA). We set out on a journey back then, anticipating the road ahead of us, but not knowing where it might end. The same is still true today, even if we can say that we've become an organization of local, regional, national, and international recognition."

– Peter Tomaž Dobrila
